

SUCCESSOR

Of Late Judge Brister May
Be T. B. Fulton

Appointment Is Soon To Be
Made

Other Notes Of Interest From
Temple Of Justice

Newark, O., Oct. 11.—The successor to the late Judge E. M. P. Brister will be forthcoming in a short time.

Another name has been added to the receptive candidates for the honor in Robbins Hunter, the young attorney. It is stated, however, that the one gentleman who meets with general favor among the lawyers and others is Thomas B. Fulton. He is the logical candidate, they say. When Brister was nominated for the term preceding the one he leaves unfinished it will be remembered that Mr. Fulton was before the Democratic primaries in the same capacity. It will be also remembered that Mr. Fulton was also beaten by 80 votes. It will also be remembered that Fulton led for his party what proved to be at the time a forlorn hope in the common pleas judgeship. He is a logical quantity from a Democratic standpoint and a committee is in Columbus with Governor Harmon today placing the above facts before him and urging the appointment of Mr. Fulton.

Howard Denney, a laborer at the Mt. Vernon Bridge works, residing on West Gambler street, was very painfully burned while at his work on Monday afternoon at about four o'clock. FIVE

Tickets Qualify For Official
Ballot

There will be six columns and five party tickets on the election ballot this year. The time for the filling of tickets with the secretary of state expired at midnight Saturday night. Tickets must be in 30 days before the election.

These tickets will be on the ballot, appearing in the order in which they are given: Democratic, Republican, Socialist, Prohibitionist and Socialist Labor. The last named party filed its ticket last Friday and gets on the ballot by petition. The other parties polled enough votes at the last election to get on without petitioning.

The first column on the ballot is for the proposition to call a constitutional convention. It is generally conceded that Ohio's constitution is sadly in need of revision, and it is a forgone conclusion that it will be adopted.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all dealers.

WRIST

Broken When The Fly Wheel
Broke

George Provin, residing in Martinsburg, was the victim of a very unfortunate accident on Tuesday morning at about eight o'clock while he was assisting in cleaning out a well on the Ackley farm. An engine was being used in hoisting the loads of dirt from the bottom of the well and it was when the fly wheel of the engine broke that Mr. Provin was injured. A piece of the wheel flew and struck him on the left wrist, breaking one of the bones. Dr. J. F. Shrontz of Martinsburg reduced the fractured bone.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all dealers.

COMBINE

Comes To A Sudden End At

Butler, Ohio, Oct. 11.—A milk combine in formation here to raise the price from 5 to 7 cents, came to an end when Scotty Garber had a search warrant served on his competitor, W. A. McCready, on the charge of having confiscated some milk bottles. The patrons of the milkmen are now breathing more freely with milk back at the old price of 5 cents.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all dealers.

BRIDE

Lived At Home Of Sister
Near Centerburg

And Kept Her Wedding A
Secret Four Months

(Newark Advocate)
Wedding bells rang long and loud today for a June bride who has kept her marriage a secret until the present date. The contracting parties are Mr. Benton Dick of Muncie, Ind., and Miss Lulu Jones, a popular young Newark woman.

As the story runs the young woman left her home on the evening of June sixth, telling her mother and sister she was going out to meet some friends but instead she hurried to the first westbound train for Columbus, arriving there early in the evening. Mr. Dick arrived from Clarksburg, West Virginia at 10:45. The young people hurried to the parsonage of Rev. O. E. Evans, where all preparations had been previously made. They were quietly married and then on the first car for Newark. After arriving here the young woman hurried to her home and Mr. Dick registered at the Seiler Hotel. No friends suspected the act of the couple, as they were not seen in Columbus or coming home together. Shortly after the ceremony Mrs. Dick left for the country home of her sister, Mrs. G. N. Scott near Centerburg, and then remained there until a few days ago.

Mr. Dick was located in Utica, where he was an employee of the Utica glass plant until September 1st. From there he went to the home of his sister in Muncie, Ind.

During all this time no one has suspected the couple being married, and it is a complete surprise to the families of both as well as to friends.

Many friends would still be innocent of the affair had not the young woman handed the item to a news reporter as she boarded a train Monday morning for the Capital city to join her husband and where they will remain until some time Wednesday. After a short visit home, they will leave late Thursday for Clarksburg, W. Va., where Mr. Dick will take his old position at the glass plant.

Mrs. Dick is the daughter of Mrs. Thomas M. Jones of 26 Roe avenue, this city.

The young couple has the congratulations from a host of friends to carry with them on their life journey.

THE CALL TO ARMS!

Fresh from positive and unmistakable instructions at the Kenton opening, thus spoke Candidate Warren G. Harding at Clarksburg: "I want all kinds of Republicans to get under the banner this year. I want the Taft Republicans, Roosevelt Republicans, Dick Republicans, Foraker Republicans, Garfield Republicans, Burton Republicans and Cox Republicans. There are going to be no monkey wrenches thrown into the machine by anybody." Senator Dick will be there. He will throw no monkey wrenches—not even at himself—at the machine that paved the way for Mr. Harding's enunciation of perfect stand-pat principles. Burton may come out of his ice house long enough to explain his 118 votes with Aldrich, almost equalling Dick's record of 123 votes with Aldrich, on tariff revision upward. Cox, Garfield and Foraker are also expected to "line up" behind the stand-pat captain. But the people will line up behind Judson Harmon.

RAILROAD STRIKE GROWS SITUATION IS SERIOUS

Paris, Oct. 12.—The employees of the Western railway held a meeting and voted to follow the example of the Northern railway employees, and to strike. The Western has a large suburban traffic. It serves Havre, Dieppe, Brest and Cherbourg, and the cutting off of its service prevents railway communication with England and also prevents intending passengers from reaching the transatlantic steamers. Cherbourg and Havre are crowded with boat passengers who are marooned on account of the strike. Many Americans automobilized to Cherbourg, some paying 1,500

francs for a car holding five persons. This morning the National Confederation of Railway Unions voted in favor of a general strike on all the railway systems. This will be made effective immediately. It is estimated that 80,000 men are already involved in the strike.

Murderer Makes Defense.
Youngstown, O., Oct. 12.—Anthony Catalick, 47, stabbed and killed Charles Parling, 24, in a saloon quarrel. Catalick claims self-defense, but witnesses declare the man came here from Pennsylvania at the behest of the Black Hand society.

RHEUMATISM
PURIFYING THE BLOOD
THE ONLY PERMANENT CURE

No case of Rheumatism was ever cured except by a thorough purification of the blood; just as long as the blood remains charged with fermenting uric acid poison, the painful disease will continue. The pains and aches of Rheumatism are simply superficial effects of the impurities in the circulation, and sometimes may be temporarily relieved by the application of plasters, liniments, hot cloths, etc. But the person who trifles with this dangerous disease by depending on local treatment alone, is certain to pay for the mistake with constant suffering later on. S. S. S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation, so that the nerves, bones, muscles and joints are lubricated and fed with nourishing elements instead of being continually irritated and inflamed with the sharp, uratic impurity. When S. S. S. has cleansed and purified the blood, the pains and aches cease, all inflammation disappears, stiffened muscles are made pliant, and every troublesome symptom of Rheumatism is permanently corrected. Book on Rheumatism and any medical advice free to all who write.

IT CANNOT BE IMPROVED

For the settlement and payment of all bills, obligations and purchases, there has been, as yet, no other method devised in the business world to equal or take the place of the bank deposit and check system.

Modern business methods have perfected this arrangement to such an extent that more than 95 per cent of the business the world over, is transacted in this manner.

If you are still using the old carry-the-cash way of paying your bills, it's time you adopted the modern plan of business safety.
